Mr. David Burke, Gen. Asst.
Senator Edward Kennedy
Senate Office Bldg.
Washington, D.C.

Dear Mr. Burke,

Because I think you should be aware of the content of the enclosed exchange of letters with the Archivist of the United States I send them to you herewith for your information.

In my view, which I understand you may not share, this is not one of the more scandalous of the unnecessary tragedies in the wake of the great one.

However, Senator Kennedy's name was used when some of this material referred to was belatedly and improperly released as part of what I regard as an entirely unseemly propaganda campaign.

Sincerely yours,

Harold Weisberg
